

Glenshee Munros Update

Walk Date – Saturday 21st May 2022

Following the reccie which Linda and Ken did on Wednesday 27th March, the Glenshee Munros Walk has been changed from that shown in the Group Programme.

The original planned walk was:

Carn a'Gheoidh (Single Munro),

Carn a'Gheoidh and The Cairnwell (Two Munros),

Carn a'Gheoidh, The Cairnwell and Carn Aosda (Three Munros).

On the reccie, the total climb for all 3 was 2250 Feet, distance was 9.5 Miles, and the time taken was 6 Hours. Taking travel time and Social Stops into account gives, a total time for the day at 12.5 Hours. Since we only have a limited time for the Coach hire, the above does not leave much time for unforeseen circumstances.

We have therefore decided NOT to include the Cairnwell (Three Munro) in the planned walk. The track to The Cairnwell is pretty rough, and the Summit is not very interesting. There are numerous masts and cables all over the Summit.

The new planned walk will be:

Carn a'Gheoidh (Single Munro), Climb - 1320 Feet, Distance - 6.5 Miles

Carn a'Gheoidh and Carn Aosda (Two Munro's), Climb - 1700 Feet, Distance - 7.5 Miles

Both of these Munros give excellent views, weather dependent, and are well worth attempting.

We are sorry for this change, but feel it is necessary to ensure that everyone enjoys the walk and their overall day. If anyone wishing to do the walk, or has any questions, they could text or call Ken, and he will be happy to answer.

Thanks - Ken Paton
